

Hours: 15 hours

Description:

The Online Learner Success course (OLS) is designed to provide the online learner with a working knowledge of the program called Desire to Learn (D2L). Assignments or activities in the course have been designed to demonstrate the use of various tools in the D2L program.

Learning Outcomes:

Upon successful completion of this course, you will have demonstrated the ability to:

- Use the navigation menu and links to move in D2L
- Use communication tools of D2L (discussions, chat, email)
- Use evaluation tools such as assignments, quizzes, and self-tests
- Download and upload files as attachments through email and discussions

Technology Requirements:

- Regular access to a personal computer and the Internet
- Windows 95 or later version
- Internet Explorer version 5.0 or later;

Recommended Text/Materials: N/A

Course Length:

OLS will take approximately 15 hours to complete and is normally scheduled over a two-week period. Your instructor will advise you of any schedule changes for your session of the course.

Assessment:

You will be assessed on a credit/fail basis. To receive credit, you must:

- Complete the tutorial
- Complete all assigned work
- Demonstrate the ability to perform tasks in the D2L environment
