

Impact of Disability

Think how your disability affects or impacts you daily. What do you struggle with in an educational setting?

- **Visual:** problems seeing the board, reading text, getting around
- **Hearing:** problems with information that is heard when talking with others or in the classroom
- **Physical:** problems walking, standing, sitting, talking
- **Learning:** problems with reading, writing, spelling, or math; difficulty organizing, paying attention, understanding concepts
- **Psychological:** problems with controlling emotions, making friends, attending classes, work productivity, life adjustment
