FEARED THE SPECTRE OF OLD AGE

Body Poisons Slowed Him Up

TIRE easily? Got that "low-down" feeling? Perhaps, like thousands of others, your trouble is due to constipation. Even in a mild form, constipation sets up poisons in the body. If you are troubled this way, try delicious and effective Post's Bran Flakes With Other Parts of Wheat. Because of its delicious flavour, many vote it their favourite cereal. Constipation due to insufficient roughage in the diet should yield to Post's Bran Flakes eaten regularly. Always consult a physician for stubborn cases.

HONEST, JACK, I CAN'T SEEM TO GET GOING AT ALL THESE DAYS—NO PEP, ALWAYS WORRIED, GUESS I'M GETTING OLD.

I FELT THAT WAY ONCE UNTIL I STARTED EATING POST'S BRAN FLAKES. SEEMS I WASN'T EATING ENOUGH BULK FOOD!

Delicious!
