Education Programs

Special Education Teacher Specialty Post Degree Diploma Program (SETS)

Credential:

Post-Degree Diploma

Program Length:

18 Months

The Program

Note: *Applications are no longer being accepted to this program. You may be interested in the Inclusive Education (Special Education) Graduate Diploma.*

This program is designed for certified teachers who wish to increase their understanding of the diverse needs of the students in the classroom. Teachers with this credential will be well prepared for positions in school-based support services for students, such as Learning Assistance and Student Support.

Courses are offered in various locations on Vancouver Island, and some are offered online. Courses are offered on weekends and during the summer months.

Program Outcomes

This program provides professional educators with the following opportunities:

- To provide professional educators an opportunity to systematically investigate a significant aspect of their practice.
- To provide professional educators an opportunity to examine what are currently considered best practices in the field of Special Education.
- To provide professional educators an opportunity to expand their areas of expertise into the field of Special Education.
