Business and Management Programs

Graduate Diploma in International Trade

Location Offered:

Nanaimo

Credential:

Graduate Diploma

Program Length:

1 Year

The Program

The Graduate Diploma in International Trade is an integrated, graduate level cohort-based program with a specialization in international trade management. Students will be immersed in the core theories supporting the specialization before demonstrating their knowledge in an Integrative Applied Project. Elective options will advance their understanding in an area of interest.

GDIT 590 - (Business Plan for Import Export)	3
Semester Total	9
Total Program Credits	30

Completion Requirements

The Diploma will be awarded upon successful completion of required coursework including the Applied Project with a minimum of a "C" grade in any course and an overall "C+" GPA for the program.

Successful completion of a Graduate Diploma in one year can be affected by course availability and the previous academic and work related experience of the individual candidate.

Admission Requirements

- Must meet VIU's General Admission Requirements for Academic Programs.
- International students must meet VIU's International Student English Language Requirements for Graduate Programs.
- An acceptable undergraduate or graduate degree in business and a "C+" graduating grade point average from a recognized university, or VIU's Graduate Certificate in Business (GCIB).

Notes on Admission

- Priority admission will be given to graduates from the Graduate Certificate in Business (GCIB) who have a minimum "C+" grade point average.
- Preference will be given to candidates with the above noted admission requirements as well as individuals whose background, and prior work and study indicate preparation for careers in international business and trade.
- Students who meet or exceed the minimum admission requirements may not necessarily be admitted to the program.

Program Regulations

GDIT 590 can only be taken upon the successful completion of two prior semesters (21 credits).

Course re-enrolment is subject to course availability and subject to fees per credit.

Deferrals and program interruptions must be approved by the program administrator and are subject to university Graduate Programs policy.

Students not maintaining the required GPA of "C+" (2.33) will be placed on probation for one semester only and will not continue unless probation conditions are met. Failure to meet probation conditions will result in removal from the program.

Career Opportunities

Students can expect to be working in a variety of industries since import, export and supply chain management is central to firms engaged in both supply, logistics, and procurement across international borders.

The GDIT program, as it specializes in international trade, will enable students to enter firms engaged in international business or establish their own trade operations as the program covers and integrates all aspects of international trade.

Vancouver Island's port and transportation infrastructure facilitates numerous firms in

importing and exporting. Island firms range from large resource based operations to small businesses exporting numerous products from raw materials, and consumable products, to technologically sophisticated equipment. All of these firms, and others engaged in importation, provide employment opportunities in international business operations and market expansion.

Start Date and Application Deadline

The program starts in September. Applications will be taken between the first business day in October and March 31. Priority admission will be given to students in the Graduate Certificate in Business program.

Applications received after March 31 are considered late and will be processed as space permits.
