The Program

The VIU English Language Centre (ELC) is committed to providing to community and international students quality ESL education, including both language and culture, and to fostering a student-centered environment that honours the diversity of students and teachers.

The ELC provides a wide range of ESL levels and support services to meet the needs of students whose first language is not English, and who have various goals for the acquisition of competence in English.

All programs provide small classes, highly qualified, friendly, approachable teachers, and a wide range of learning materials. Classes are held 20 hours per week; students can get additional assistance in the Learning Centre.

Program Outline

English Language Centre Programs

VIU's English Language Programs consist of 5 levels (13 weeks each). Every level is divided into two courses of 6.5 weeks and students must successfully complete both courses before moving to the next level:

1. Listening and Speaking
2. Reading and Writing

Language Foundations Level 1 to 3 helps students to develop their English language fluency and accuracy skills in reading, writing, listening, and speaking.

In University Preparation Level 4 and 5 there is a focus on academic reading, writing, and an introduction to literature. A passing grade in University Preparation Level 5 will allow students direct entry to VIU academic programs without further English testing. Three academic elective credits for prior learning will also be awarded to VIU students who complete University Preparation Level 5.
