Academic and Career Preparation and High School Equivalency (ABE) Programs

Workplace Essential Skills and Training

Location Offered:

Cowichan, Nanaimo

Credential:

Certificate

Program Length:

2 Years

The Program

The program is specifically designed for students with developmental and cognitive disabilities, and is designed to assist students' development with the personal, interpersonal, and employment skills required to obtain and maintain employment. The overarching program goal is for students to gain the skills necessary to foster personal growth and independence.

The full non-credit certificate program is comprised of 6 modules (33 courses and 6 practicums), and will be delivered over two years; however, students will obtain a statement of completion for completing specific modules. Students can also take longer than two years to complete the program if they are unable to enroll into the six modules within the two-year time frame.

Student learning will be evaluated in each course. Students are expected to be able to demonstrate, at the very least, an acceptable level of competence (50% or greater), for identified course objectives. Competencies will be measured and graded through the use of a variety of evaluation tools (i.e. assignments, group work, tests, role-plays and demonstrations, etc). Grades (both letter and numerical), will identify levels of competency as per VIU's grading scale.

Note: Cowichan's Module 7 and 8 combined are equivalent to Nanaimo's Module 1, Cowichan's Module 9 is equivalent to Nanaimo's Module 2, and Cowichan's Module 10 is equivalent to Nanaimo's Module 3. Students who successfully complete the one-year program at either the Cowichan or Powell River Campus and who are interested in obtaining the WEST Program Certificate can do so by registering and completing Modules 4, 5, and 6 at the Nanaimo Campus.

Admission Requirements

The program is designed for adults with special needs who are ready to commit to

learning and enhancing their skills. Admission to the program requires the following requirements:

- High school graduation or completion of certificate; or
- Minimum 17 years of age and out of high school for at least one year.

In addition, students must also meet the following criteria:

- Diagnosis or history that identifies a difficulty with learning or a documented disability.
- Ability to attend classroom and practicum independently.
- Demonstrate the skills to perform program related tasks with strength and endurance.

Notes on Admission

A criminal record check may be required for some modules. An interview will be required to ensure suitability for entrance into the program.

Career Opportunities

Customer Service, Retail, Hospitality, Food Industry, Senior Care, and Child Care.

Start Date and Application Deadline

The program starts every September and applications for admission are accepted on an ongoing basis.
