Human Services Programs

Education Assistant and Community Support

Location Offered:

Nanaimo, Powell River

Credential:

Certificate

Program Length:

8 Months

The Program

Note: The Education Assistant and Community Support Certificate program was formerly called the School and Community Support Worker Certificate program.

This program includes both theoretical studies and practical applications for working with people who have disabilities, across the life span. The core and specialty courses provide students with the skills and knowledge to work in schools and community. The program is offered with courses rotated.

Acceptance into the program does not mean that students will be placed into a practicum. Students will be individually assessed as to their readiness for the practicums in terms of skills, knowledge and personal suitability. Placement into a practicum will be at the discretion of the program Chair.

Students who successfully complete the program will receive a Vancouver Island University certificate. This certificate may ladder into other Human Services diplomas and degrees.

Program Delivery

The Education Assistant and Community Support program is a certificate program delivered in both Nanaimo and Powell River. Part time students can be accommodated in this program. Although classroom-based in Nanaimo, both distance and local learners have the opportunity to complete the program through the Powell River campus.

The Registration Centre at VIU will contact prospective students by mail regarding the requirements for a Criminal Record Check. Criminal Record Checks are processed through the Ministry according to the Criminal Records Review Act. A check completed through the RCMP is not sufficient to meet the requirements of the Act. Students are advised that a criminal record may limit their practicum possibilities and their work opportunities in the Human Services field.
- For admission to the program, applicants will be assessed on past academic achievement, related volunteer/paid employment, writing skills, and performance

at an interview with faculty.

- Applicants may be required to provide a letter from a family physician attesting to the applicant's physical suitability to take the program.

Transfer Credit (from other institutions)

Vancouver Island University recognizes the academic knowledge and achievement of students who have undertaken post-secondary studies at other colleges, institutes, or universities. Credit is assigned on the basis of an official transcript, course outlines, and other supporting documentation. Transfer students must meet all of Vancouver Island University's admission requirements.
